50X1-HUM

1. A new branch of the Stalin factory (formerly H. Gogielski) is being constructed in Winiary (P53/X26), a western suburb of Poznan, along the Oborniki railroad line. The branch factory, which is under the control of uniformed Polish and Soviet officers, will probably produce weapons when it is finished at the end of the year.
2. A new tent camp has sprung up a few kilometers west of Poznan, near Kiekrz (P53/X16). More than one regiment of motorized infantry troops, equipped with hundreds of trucks, cars, and motorcycles, is billeted in the tents.
3. Each day Polish jet planes have been observed flying over Debiec, a southeastern suburb of Poznan. They never fly over the center of Poznan. The jets come from the Lawica Airfield or from the airfield located near the small town of Koscian, south of Poznan.
